Camp Grayling Busy With Pre-Camp Sessions

Camp Grayling was a very busy place last weekend as about 150 members of the 46th Division Staff, Adjutant General's Staff and Headquarters Company of Lansing were here for pre-camp conferences.

Heading the conference was Commanding General, Major General Cecil L. Simmons and Adjutant General, Major General Ronald D. McDonald.

All of last week, a group of 30 Indiana National Guard officers were in the area with 16 members of the Puerto Rican National Guard for a reconnaissance of the camp's facilities.

The 13 officers and 5 enlisted men from Puerto Rico were gaining a knowledge of the camp and its ranges as a contingent of 1,000 men from the Puerto Rican National Guard will train this year with the Indiana Guard from August 9 to August 23.

At this time, 1,500 men from the Indiana Guard will be in Puerto Rico training with the Guard there. Stated to train here this summer with the Indiana Guard are the 125th Tank Battalion, the 2nd Howitzer of the 162nd Artillery, 105th Howitzer Brigade, a detachment of the 92nd Infantry Brigade, a complement of a Reconnaissance Squadron and the 214th Army Band, all units of the Puerto Rican National Guard.

In the meantime, a group of Michigan National Guard personnel has been in Puerto Rico studying the various changes that must be made at the camp to properly take care of the visiting troops. There will be changes in menus at the messes for instance and in other ways in order to make the Puerto Rican soldiers feel more at home.

Plan Upgrading For AuSable State Forest

Lansing — Improvements have been approved by the Conservation Department to boost timber production and upgrade living conditions for wildlife in AuSable state forest, Kalkaska and Crawford counties.

Some 105 acres are scheduled for thinning and other management practices this spring at a cost of about \$790. Most of this money will go to local labor in the form of wages.

Goal of the Department's program is to promote a high sustained level of timber and game production in AuSable state forest by bringing about a balanced distribution of its tree sizes and ages, and growing conditions.

This will be done in hardwood stands by removing non-merchantable and older trees which are holding back the growth and reproduction of future commercial cutting stock.

For the most part, areas selected for this type of thinning work are near deer yards. Besides stepping up the growth of quality trees, these cuttings will stimulate sprout regeneration to increase the forest's winter carrying capacity for deer.

Similar work is to be carried out in the forest's aspen stands by removing trees which have been left after timber sale cuttings. Here again, improvement work will promote the sprouting of close-to-the-ground plants to benefit food and cover conditions for deer and small game. It will also assure a future forest crop on these cutting sites.

Department plans call for leaving den trees used by wildlife and enough cuts to provide mast for deer and other animals.

Starting July 1 of this year, the Department will launch another \$2,000 worth of stand improvements in AuSable state forest.

County Superintendent Attends Teacher Tenure Workshop

Crawford County Superintendent of Schools, Frank Bond, attended an all day workshop-clinic at Michigan State University on April 15th, for Intermediate Superintendents and their staffs. The program was sponsored by the Michigan Association of Intermediate School Administrators and the Michigan Education Association. It dealt with procedures in implementing the state-wide tenure act recently passed by the legislature. This act will become effective 90 days after the legislature adjourns from the session.

The aim of tenure is to improve the quality of teaching by treating teachers as professional people and, as long as they do satisfactory work, give them satisfaction that professional people are entitled to. At the same time an orderly method of releasing incompetent teachers is provided for.

Besides many educational leaders, representatives from the Michigan Tenure Commission and the Michigan Education Association

Visitors will be escorted on tours of the post and see an exhibit of equipment and facilities. Questions will be answered and information given on the services provided.

"We are planning a special reception and hope to make this a very interesting occasion for those who call on us. We'll be happy to see them."

Points Out Opportunity In Savings Bonds

United States savings bonds, though young in years, already have served four generations of Americans and offer opportunity for generations yet unborn.

This was the observation today of John H. Alef, Crawford County Savings Bond Committee chairman, as volunteer workers here and elsewhere in the state joined in the launching of Operation Security, a nation-wide effort to focus greater attention on the role of savings bonds in building security for families, communities and the country.

Pointing to the \$138 billion worth of series E and H savings bonds sold since May 1941, Alef said that no other financial program has had a greater impact upon the people of the United States.

Plan Spur Paths At Monday Meeting

At a meeting at the Conservation Training School on Higgins Lake last Monday evening, over 100 persons discussed and talked over the dedication and official opening of northern Michigan's newest tourist attraction — Michigan's Riding-Hiking Trail.

The meeting was chairmanned by C. Troy Yoder, Regional Manager of Michigan's Conservation Department. It was pointed out by the chairman and other Conservation speakers as well as men from the United States Forest Service and the Consumers Power Company, that the land the trail traverses is almost entirely under the ownership of the three before mentioned agencies.

The trail now is almost 100 per-

cent complete for its entire 170 miles from Empire and Traverse City across the state through Grayling and to the Tawasans on Lake Huron. A small amount of work is needed yet in signing and at a few road crossings, this to be completed by July 1st. Of course, further improvement and maintenance work will be done in the future.

Among the crowd was an estimated 20 people from Grayling and Crawford County who heard Fifth Williams of Traverse City explain the planned cross state ride set to leave Empire on June 20 and arrive in the Tawasans on June 28. This ride which will officially open the trail is being sponsored by the Michigan Trail Riders Association. To be eligible to make this ride or to join the group along the way for a ride part of the way, it will be necessary to join the Michigan Trail Riders Association. Dues have been set at \$2 per person or \$3 per family. The entire proceeds will go to the printing and publishing of a trail guide book.

People from many of the cities, towns and areas along the trail spoke of the discussed topics of publicity, dedication and future development. There were many there from as far away from the trail as Saginaw and Ann Arbor who were interested in the project. The dedication of the trail has been set for May 22nd tentatively. This would occur during Michigan Week and the details are being handled by the Michigan Week Committee in Lansing, it was said.

When the discussion got around to future development, those in attendance were assured of the trail's brilliant future as a tourist attraction and business stimulator as a group from Cheboygan explained that they had a rough trail brushed out from south of Cheboygan to Elk Hill near Vanderbilt. They expect to ride this trail one weekend next month. A group from Gaylord stated that they expect to pick this trail up at Elk Hill and develop it south to lie in with the main trail near Frederic.

Another spur path is planned from Lake City north to tie in with the main trail east of Kalkaska. Another is planned from near Cadillac to meet with the main riding-hiking trail near South Boardman.

The Trail traverses a part of northern Michigan rich in beauty, history, wild appeal, and resource management activities. Appropriate markers will identify campsites, points of interest and special features.

Ultimately, public campgrounds as well as private facilities and services will be available to assure the full use and enjoyment of the trail. Horses can be rented locally. Overnight accommodations in the form of lodges and cabins will be close to the trail or on spurs for those who do not wish to camp out or who want other services and facilities that such establishments can provide.

The Michigan Riding-Hiking Trail system has all the ingredients of a successful and attractive addition to the use and enjoyment of Michigan's outdoors. It should offer something for everyone interested in this type of activity.

Senator Harold Hughes Seeks Tourist Center

State Sen. Harold B. Hughes said today he will ask the Senate Appropriations Committee to approve construction of a Tourist Information Center at Clare.

The Information Center, which would cost an estimated \$40,000, would be located in a Safety Rest Area on US-27 Freeway about five miles north of Clare.

It is the only Rest Area on Michigan's freeway system that is located in the freeway median so that it can serve traffic traveling in both directions.

"I am asking the Appropriations Committee to appropriate funds for a Tourist Information Center at Clare now because the Highway Department wants to restudy the traffic pattern at New Buffalo for at least a year before relocating the present Information Center."

Hughes said the Legislature approved construction of a new Information Center at New Buffalo two years ago to replace an old building on US-12.

"The tremendous increase in traffic on US-27 Freeway north of Clare, coupled with the popularity of our Rest Area by Michigan motorists, I feel it is an ideal location for an Information Center that would serve the entire Northern Michigan tourist industry," he said.

The lunch committee, Chairman Mrs. Bob Golnick, assisted by Mrs. Richard Huber, had a wonderful dessert and coffee hour to top off a fine and interesting meeting.

HASCHER - HALL WED IN GRAND RAPIDS

The marriage vows of Miss Diane Hascher, daughter of the Howard Haschers of Grand Rapids, and Mr. Bernard W. Hall, Jr., son of the Bernard W. Halls of Grayling, were exchanged at twelve noon at St. James church in Grand Rapids on Saturday, April 11, 1964.

Auxiliary Bishop Chas. A. Salakta performed the ceremony before three hundred guests.

Diane chose a chapel length gown of bombazine silk, with fitted bodice of Chantilly lace. Her Swedish crown was embroidered with seed pearls and crystals and held an elbow-length bouffant veil.

She carried a white orchid and Stephanotis on a white prayer book.

Mrs. Louis Schaub, matron of honor, Mrs. Roger Dykehouse, bridesmaid, and Miss Brenda Herzig of Grayling, junior bridesmaid, were dressed alike in maize or orange gowns with Schiffli embroidery. Matching rose headpieces and bouquets of white daisies completed their costumes.

Theodore Hall of Grayling was his brother's best man. George McEvers of Grayling was groomsmen for his brother-in-law. Seating the guests were brothers of the bride,

Thomas and William Hascher.

Mrs. Hascher chose a gown of embroidered-rose damask with bone accessories. Mrs. Hall wore a French blue crepe dress with black accessories. Both mothers wore shoulder-orchids.

Presiding at the reception in the Polish Veterans Hall were Mr. and Mrs. Pat S. Coakley.

Following a honeymoon trip to Ste. Anne de Beaupre, Canada, the new Mr. and Mrs. Hall will reside at 3695 Plainfield Avenue, N. E., in Grand Rapids. Guests from Grayling were Dr. and Mrs. B. E. Henig, Mrs. Arthur Worden and son Duane.

Mrs. Ashton's sixth grade watched a movie on Pueblo Boy. It was about a little Indian boy and his father teaching him about the Indians' ways and customs.

On Wednesday we saw some slides on Michigan in the civil war, and ways of transportation on the Great Lakes and a movie on transportation on super highways.

In science class we have been studying Atomic Energy.

In history we are making booklets to show the contributions of the different peoples of the past and their uses in our modern life.

Twilight Twirlers Place Second At Kalkaska

Thirteen members of the Twilight Twirlers won second place in the Youth Parade at the National Trout Festival in Kalkaska Friday, the 24th. Monica Stephan was leader of the group, doing an excellent job of marching and signaling, the girls also marching very well. This year's parade was larger with more marching units and floats. Many parents from Grayling were there to cheer for the Twirlers.

Taking part in their first parade were Debbie Bartholomew, Gail Desso, Cindy Dyer, Elizabeth Halstead, Colleen Kelly and Penny Taylor. For Becky Swink and Mary Wilson it was a first out-of-town parade. For Susan Bourrie, Marie McIsaac, Debbie Miller and Sherry Millikin it was their second Trout Festival. The new uniforms made by Mrs. LeRoy Millikin were worn for the first time.

The recital planned for May 7th has been postponed until summer. There are other parades being planned for, the largest being the Cherry Festival in July.

Moose Lodge Activities

Several members from the lodge attended the thirty-first annual convention held in Saginaw, the past weekend. The degree team drove down Sunday to enter State competition. The team didn't do as well as they expected, however they did get a very high recommendation from the judges, and Lodge Ritual chairman, Bill Fitzgerald was very happy with the scores that the team received. The spot that the team placed in, in the state will not be known for about a week or ten days. The team is already looking forward to next year's competition and competing against Lincoln Park, who placed first this year for the fourth straight year. They did very well for a first-year team, and by next year should be one of the hardest teams in the state to beat.

The State Convention will be held in Muskegon next year, and the mid-winter conference will be held in our own District, at Ludington.

There will be a Beaver Supper at the Lodge basement this Saturday May 2nd, starting at 5:00 p. m. Donations are \$1.50 for adults and 75c for children. Proceeds will go to the Building Fund. This fund is

intended to redecorate the Club Room and make it a little larger. The club belongs to all the members, so let's all help.

The Ritual team has ordered some more pens, so if you weren't able to get one from the last order, there will be more soon. The last order went like hotcakes. They are selling for 50c apiece. Also more ties are on the way, as there have been requests for them also.

We have Burt Bayne on the sick list this week. He's at Mercy Hospital and we wish you a speedy recovery Burt.

Don't forget the meeting Friday night at the lodge. This will also be the first meeting for the new officers.

We'll see you at the Beaver supper Saturday night.

Youth Wave To Hit Job, Mkt., College

(Special to the Avalanche)

New York — In Crawford County, a great wave of youngsters will be turning 18 soon.

Beginning this summer and continuing through June, 1968, there will be a record number of 18th birthdays celebrated locally.

That fact is significant and important. It has a bearing on the labor market, since many of these boys and girls will be finishing high school and be looking for jobs.

It is of concern, also, to college registrars, because the number of 18-year-olds, locally and in most other parts of the country, who

will want to go to college will be greater than in any previous year.

The situation is brought to light by the Census Bureau. It states that 3,728,000 boys and girls in the United States will reach 18 in the 12-month period. That is nearly a million more than in the prior year.

In Crawford County, it shows, there will be 110 attaining that age, 53 boys and 57 girls.

By way of comparison, this is 64 percent more than in the 1963-64 period, when the total reaching 18 was 67.

The new crop consists of the ones who were born shortly after the end of World War II, when the post-war baby boom took place.

Just prior to that time, births were at the rate of 20.5 per 1,000 population in the United States.

Then, suddenly, the rate shot up to 27.5, the highest since right after the first World War.

The full impact of the present deluge of 18-year-olds will not be felt, according to the Census Bureau, until next year, when the last of them will have reached that age.

For many of the 53 boys in Crawford County who are reaching 18, the moment is approaching when they must register for the draft.

While there is no likelihood that any of them will be inducted at this point, a large proportion of them will be given examinations beginning July 1st, in line with President Johnson's orders.

The purpose is to determine now whether they meet the physical and mental standards of the armed forces.

Those who cannot pass the physical tests, but who can be helped, will be urged to go for medical treatment.

Provisions will also be made to help those who are unable to pass the educational tests.

One Out Of Seven Residents Receive Social Security

About one out of every 7 residents of Crawford County is now receiving a monthly social security check according to figures released by E. O. Wiles, Traverse City, Michigan, social security district manager.

Mr. Wiles' report listed the number of Crawford County beneficiaries as 703 at the end of 1963, an increase of 10.4 percent over the corresponding figure at the beginning of 1963. The dollar benefit amounts total more than \$561,624 yearly.

Retired workers are the largest single group of social security beneficiaries in the County. There are 388 in this group and their old-age insurance benefits total \$30,597 monthly. The following table shows the number and amount of the other monthly benefits paid in Crawford County, as of December 31, 1963.

Beneficiary	No. of Group	Total of Payment
Retired Worker	388	\$30,597
Wife or Husband	102	4,053
Widow or Widower	55	3,328
Mothers & Children	121	5,639
Disabled Workers	37	3,185

In releasing the figures, Mr. Wiles pointed out that the social security benefits are important to the community as well as to the people who receive them. "It is a fact," he said "that almost every dollar of social security benefits coming into the County is spent each month in local businesses for food, clothing, shelter, and other essentials. In this way, the benefits have a stabilizing effect on the local economy."

Mr. Wiles forecast that the number of social security beneficiaries will continue to increase in the future, but at a much slower rate than in the past 10 years. He said that, nationally, the social benefit rolls increased from about 5 million people in 1954 to more than 19 million at the end of 1963. This

rapid growth in the beneficiary population resulted from major amendments to the Social Security Act from 1950 through 1961. He cited several amendments which extended social security coverage to self-employed business and professional men, farmers and agricultural workers, and other groups. As a result, several million people whose work was brought under social security are now receiving benefits. Others qualified through amendments which reduced the amount of work needed to get benefits. One change—lowering the age at which older people can get benefits from 65 to 62—accounts for 1.8 million out of the 19 million people now entitled to benefits. The amendments also introduced a new protection under social security—disability benefits—and 1.5 million disabled workers and their dependents now receive benefits under the disability provisions of the law.

Grayling Council Sets Clean - Up, Fix - Up Weeks

The City Council has dedicated the last week in April and the first week in May as clean up and fix up week for the citizens of Grayling.

Any junk, such as old cars, brush, or items that people are unable to haul away, will be picked up by the City's crew. Pick up will be Monday, May 4th, and Monday, May 11th — two days only.

All loose items must be in containers. Containers will not be returned.

Grayling is growing — moving forward. Our new school, new sewage treatment plant, new city hall (which will be ready this fall), a new library, an improved and remodeled high school, natural gas, an improved sewer system, and many other items all go to make Grayling a better place to live.

So let's all get behind this clean up and fix up project so that we can be proud of our city, so that our visitors will be impressed with our town.

Harold S. Cliff, City Mgr.

Other guests were the Alan Lucksteds, the Art Goodriches of Bay City, Mrs. Harold Drake, Mrs. Jim Jones, Mrs. Roger Hatfield, and Miss Patsy Wiseman. The group enjoyed movies taken in Florida and a dinner in the evening. The children were taken to the airport to watch the Jim Knights give Jeff Lucksted a plane ride.

Local Couple Enjoy Lengthy Southwest Trip

Mr. and Mrs. Carl Doroh returned Sunday evening from a vacation trip in the west and southwest part of the country. Leaving Michigan through Indiana, they were turned back at Jasper in that state due to flooded areas of the White river. They crossed the Ohio River at Evansville, and there they found plenty of water. Proceeding on through Memphis, and into Arkansas and Texas, they spent a week end in Walters, Okla., with friends. Mr. and Mrs. Fred Hensley. They also spent a week in Friona, Texas, visiting Mrs. Doroh's cousins, Mr. and Mrs. Spencer Hough and Mr. and Mrs. Gordon Hough. The Houghs own farms near Friona and raise wheat and cotton mostly, all by irrigation.

Leaving their kinfolk in Texas the Dorohs traveled for the rest of their vacation into California, New Mexico and Arizona, visiting many points of interest. They visited Yuma, Ariz., for a few days and went to church Easter Sunday in 90 degree temperature, but were very comfortable in their summer clothes. Also in California the couple enjoyed the Imperial Valley near the Salton Sea, and near Rahn Springs. Returning thru Blythe, Calif., and crossing the desert again, they entered Arizona thru Wickenburg and Prescott. Climbing up into the mountains near Williams and Ashfork, they waited in storms and blizzards to see the Grand Canyon. They saw the canyon in a snow storm with the sun shining down very warm. Returning thru Albuquerque they traveled south into Truth and Consequences, Las Cruces and Roswell, N. Mexico, and decided to go still farther south into the heart of Texas. They drove as far as Austin and turned west, where they spent a day in Johnson City and of course visited President Johnson's ranch from the road and across the Pedernales River. They were most impressed by the beautiful herd of Herefords there practically on the front lawn. Also throughout the trip in Texas they saw the countryside a mass of bluebonnets the state flower. Much of the desert was also in bloom. They returned by way of Palestine, Texas, and traveled into Louisiana and Mississippi, crossing the river at Natchez and returning thru Alabama by way of Tuscaloosa and up into Tennessee and Kentucky. At Hodgenville, Ky., they spent some time at the birthplace and memorial of President Lincoln and also his boyhood home at Knobb Creek farm near Bardstown. Returning home thru Lexington and the bluegrass country, crossing the Ohio River at Maysville, Ky., into Ripley, Ohio, and back on 127 into Lansing. The Dorohs traveled about 8,000 miles and visited 13 states. They had not a bit of car trouble and did not see any accidents at any time.

Courthouse at 8:00 p. m. This date is set by State Central Committee to be the same throughout the state in each of the 83 counties. At the next meeting we will complete committee appointments and plan the balance of the year's program. Please come to this meeting. We must elect our county delegates to the State Convention to be held in Lansing on June 12th and 13th.

As we have a lot of business to complete May 13th we especially want a large crowd to help plan the program for rest of the year. We do not plan for an outside speaker, but starting with the June meeting we plan a speaker for each and every meeting through the balance of the year. So please make it a point to be present, each and every Democrat in the County, on May 13th to give suggestions and your desires in the things you wish to learn about so we can secure the proper speakers on each subject for you. May 13th we will also decide on a date for our regular monthly meetings.

We wish to have the day most of you can attend so come May 13th and let us know the best time for you. No organization is better than its members. We need you. It is your County organization.
